FISHER KING SEAFOODS

YOUR SOURCE FOR NATURAL, WILD-CAUGHT SEAFOOD

Long-term access to responsible fisheries ensures year-round availability of our core line of wild-caught seafood. All Fisher King branded products are packed under our strict Quality Assurance Program in HACCP-approved facilities. We custom pack to private label specifications on select items. Certified at source, every order is carefully handled and efficiently delivered.

SUSTAINABILITY

We manage all of our resources prudently. It is important to us at FKS that the legacy we leave our grandchildren is better than what we enjoy today.

OUR FOCUS

We focus on what we know best; wild-caught, once-frozen, locally produced and sustainably-harvested seafood items.

OUR PASSION

Our growth and our strength can be directly attributed to the long-term relationships we have built and nurtured with our customers and suppliers.

THE FISHER KING STORY

Fisher King Seafoods Ltd. was founded in Halifax, Nova Scotia, Canada in 1996. Since its inception, FKS has seen solid and steady growth in the variety and volume of products we market. At FKS, we focus on what we know best: wild-caught, once-frozen, locally-produced and sustainably harvested Atlantic Canadian seafood items. Our strategic partnerships also give us added purchasing power, expertise and access to some of the highest-quality seafood items from around the globe.

OUR STRATEGIC PARTNERSHIPS

Nichirei, Japan's largest foodservice distributor and one of Japan's largest seafood companies, partnered with Fisher King Seafoods in 2009, bringing added strength and diversity to the FKS product line. Nichirei's Marine Division, Nichirei Fresh, is a global leader in seafood procurement and distribution. By utilizing strict buying practices and on-location oversight, Fisher King Seafoods is provided with access to the highest quality of seafood available. Fisher King Seafoods is able to provide customers with a wide variety of sashimi and sushi quality products sourced from around the globe.

POLAR SEAFOOD

Polar Seafood is a multinational company with offices in Greenland, Denmark, Great Britain, Norway, and Italy. With over ten modern factory freezer vessels and interests in land-based facilities in several countries, Polar Seafood Denmark is a major force in global seafood production. Polar is the largest quota holder and producer of snow crab clusters in Greenland and one of the world's leading producers of cold-water prawns. We are proud to market the "Polar Bear" to all our North American customers.
